3-DAY CRIME SCENE PROCESSING COURSE
Hosted by: GOODLAND POLICE DEPARTMENT
720 ARMORY ROAD
GOODLAND, KS 67735
MAY 23-25, 2022, 9-4 pm (MST)

This EXTENSIVE 3-DAY class is designed to teach you how to handle any crime scene. This class will teach you the tools necessary to process the scene, whether a car break, a burglary, or a suspicious death. Great for detectives and patrol officers. There is no “Death by Powerpoint” in this class. Participants will use all types of processing materials.

Topics covered include:

- Crime Scene Documentation and Photography (Point & shoot and DSLR)
- Fingerprinting for ALL Surfaces, and we mean ALL!
- Footwear, Tire impressions, and Tool Marks
- Trace Evidence – Light Sources, DNA Evidence, Blood Evidence, Hair, Fibers, etc.

We offer hands-on training through practice exercises and provide attendees with all instructional materials. You will learn by doing. No falling asleep in your chair while the instructor drones on about how great they are. Fast-paced and interactive.

Questions can be directed to Forensic Education at 603-234-3769 or email mike@forensiceducation.net

Register at: www.ForensicEducation.net

Cost: $399 pp.

Don’t be fooled by other knock-off training. They don’t come close to what we offer. This class can be used as learning hours for IAI Crime Scene Certification and IAI Photography Certification.

Multiple officer discounts available!
