LAW ENFORCEMENT TRAINING COURSE

COURSE TITLE:

PROTECTING THE BADGE

Advanced Police Supervision & Leadership Course

COURSE DESCRIPTION:

Innovative Policing Solutions is on a mission to improve policing throughout the United States. We are spreading and sharing ideas that promote innovation, leadership, and accountability in policing. Our organization is changing the narrative and status quo in the policing space. Officers and communities are asking for change, and IPS provides that change. Through industry best practices, academic research, and innovative strategies, IPS is the change agent for 21st-century law enforcement and providing solutions for protecting the badge.

As the era of policing continues to evolve, 21st century police supervision and leadership is paramount. Law enforcement leaders play major roles in police organizations and are held accountable for adhering to higher standards of excellent service. The decisions made by law enforcement leaders are proven to have a positive or negative effect on the organization, employees and the community. It is important that current supervisors, leaders and those inspiring to become leaders continue to enhance their knowledge, supervision and leadership skills to effectively move with change, lead their teams/programs and communities in the 21st century in order to protect the badge.

To prepare for advanced police leadership, this educational program is designed for newly promoted law enforcement professionals, those currently operating in supervisory, mid and upper leadership roles and those inspiring to become leaders in the future. The entire course is 8 hours (1 Day) in length. Learners will be introduced to a wide range of relevant topics that impacts and embraces advanced police leadership strategies that are proven to be effective in the 21st century. Learners will understand how to effectively lead from any level, mitigate challenges and improve efficiency within their organization.
