EVOLVING LAW ENFORCEMENT VIA AUTHENTICITY, TRUST, & EMPATHY

Imagine being able to **stop fighting to be seen for your knowledge, skills, and abilities and to be able to care for yourself** -- and have a community of like-minded professional executive women in law enforcement who have your back...

Sometimes you may feel as if you're wearing a different skin on the outside than who you know you are in the inside...where your own voice gets drowned out and it seems as if you're standing on an island alone...

In the **tranquil and unique southwestern setting** at the Lodge on the Desert, you will participate in an event unlike any other where you will:

- Establish connections with other women so you can build effective and powerful partnerships
- Strengthen your own resilience so you can face challenges with ease
- Walk away with innovative leadership strategies so you reduce costly turnover and stress-related issues
- Grow your influence so you bring ideas into the organization and champion positive change within the community
